ACCESSORIES

SOFT REAR PANEL — WILDCAT

Maximum visibility from a see-through design. Significantly reduces dust swirl when used with a windshield. Works with a Bimini Top, Hard Top or Aluminum Roof.

1436-771
'12-'16 WILDCAT

1436-839
'13-'16 WILDCAT 4

WINDSHIELDS

FULL WINDSHIELD

Scratch and abrasion-resistant polycarbonate. 8-point mounting. Works with Soft Cab, Hard Top, Bimini Top or Aluminum Roof.

1436-734
'12-'16 WILDCAT & '13-'16 WILDCAT 4

GLASS FLIP-UP WINDSHIELD

Features laminated automotive glass. Easy opening with lift-assist shocks. To control passenger comfort, the windshield may be used in three different positions. Optional Windshield Wiper Kit (1436-841).

1436-661
'12-'16 WILDCAT & '13-'16 WILDCAT 4

MANUAL WINDSHIELD WIPER

11-in. wiper blade length. Arm length adjusts from 8 to 12 inches.

1436-582
'12-'16 WILDCAT, TRAIL; SPORT MODELS WITH WINDSHIELD

WINDSHIELD WIPER KIT

Full range of rotation clears both driver and passenger sides. Kit includes wiper, motor, custom wiring harness and switch.

1436-841
FITS GLASS FLIP-UP WINDSHIELD (1436-661)

GLASS WINDSHIELD WASHER KIT

Tank holds over a half-gallon of fluid. Works with Windshield Wiper Kit (1436-841) and Glass Flip-up Windshield (1436-661).

1436-843
'12-'16 WILDCAT & '13-'16 WILDCAT 4

FLIP-UP WINDSHIELD

Featuring a split-windshield design with adjustable upper portion. Upper windshield is composed of scratch and abrasion-resistant polycarbonate and is held open with two lift-assist shocks. Flip-up Windshield can be driven in three positions: closed, partially open or fully open.

1436-739
'12-'16 WILDCAT & '13-'16 WILDCAT 4

HALF WINDSHIELD & WINDSCREEN

Choose the windshield that perfectly matches your riding style. The Windscreen stylishly protects hands and chest from flying dirt and debris. Half Windshield offers greater protection with aerodynamic styling.

HALF WINDSHIELD

Aerodynamic styling diverts wind up and over driver and passenger. Dust management system helps prevent dust from rolling in the cage. Snap clamps offer quick installation or removal.

1436-740
'12-'16 WILDCAT & '13-'16 WILDCAT 4

WINDSCREEN

Low and stylish windscreen diverts air, dirt, sand, mud and debris from hitting driver and passenger's hand and chest areas.

1436-826
'12-'16 WILDCAT & '13-'16 WILDCAT 4

BUMPERS

ALUMINUM BUMPERS — FRONT

Lightweight aluminum construction is corrosion-resistant. Steel mounting brackets on front bumper provide added strength. Styled to complement Aluminum Step Rails.

'12-'16 WILDCAT (EXCLUDES WILDCAT 4)

2.5 PODIUM RC2 FACTORY SERIES

Impact-forged Kashima-coated 2.5-in. bore aluminum body. Bottom-out Control allows the shocks to be adjusted to give improved small bump compliance while still absorbing huge impacts effectively. The distinctive gold Kashima coating is backed by its high-performance properties that provide an exceptionally smooth feel, extreme durability and reduced friction, allowing you to ride longer, faster and harder. Advanced high-flow velocity-sensitive damping custom-tuned for the Wildcat. Negative spring technology for initial travel ride comfort. Dual-rate Eibach 3.0-in. ID race springs for top performance, handling and excellent ride comfort. Fully rebuildable and serviceable. Anodized internal moving parts for increased performance and reduced friction. Sold in pairs. Limited supply.

1436-850 REAR
'12-'16 WILDCAT (EXCLUDES WILDCAT 4)

UNDERBODY

SKID PLATES — HMWPE

High-molecular-weight polyethylene surface allows you to glide over obstacles. Wraparound design protects rocker panels and floorboard. Replaceable 0.5-in. UHMWPE rear scrub plate protects the frame from excessive wear. Openings provide ease for maintenance and drainage.

1436-662
'12-'16 WILDCAT

1436-677
'13-'16 WILDCAT 4

FRONT A-ARM GUARDS — HMWPE

Provide additional protection to CV boot and steering arm. Rugged 0.25-in.-thick polyethylene material. Large drainage holes fight mud and crud buildup.

1436-663
'12-'16 WILDCAT & '13-'16 WILDCAT 4

SMOOTH GRAIN ALUMINUM FRONT & REAR ARM GUARDS

Adds rust-free, rugged and lightweight aluminum protection to one of the most vital areas of your Wildcat. Quick and easy installation. Premium smooth grain anodized finish adds style and complements other aluminum accessories.

1436-926 FRONT
'12-'16 WILDCAT; '13-'16 WILDCAT 4

1436-927 REAR
'12-'16 WILDCAT; '13-'16 WILDCAT 4

ALUMINUM SKID PLATES & EXTENSION

Provides superior protection for the underbody of your Wildcat. Replaces stock skid plates with rust-free, rugged and lightweight aluminum protection. Offers maximum strength and durability. Straightforward install. Openings for maintenance. Features heavy-duty 3/16-in. rear scrub plate. Premium smooth grain anodized finish provides protection and style. Side guards not included. Kit features full under-vehicle protection for your Wildcat. For complete protection on your Wildcat 4, the Wildcat Skid Plate Extension Kit (1436-925) is required.

1436-924 WILDCAT 4 SIDE GUARD EXTENSIONS
'13-'16 WILDCAT 4

BODY & FRAME

ALUMINUM STEP RAILS

Protects the side of your vehicle and serves as a side step. Flush mounting system maintains vehicle ground clearance. Rugged and lightweight tubular aluminum frame. Styling integrates with Wildcat Aluminum Bumpers. Also works on Wildcat 4 in conjunction with Step Rail Extensions. Premium smooth grain anodized finish adds style and complements other aluminum accessories.

1436-904
'12-'16 WILDCAT; '13-'16 WILDCAT 4 (REAR)

ALUMINUM STEP RAIL EXTENSIONS

Combine the Aluminum Step Rail (1436-904) with this extension for a full-length Wildcat 4 Step Rail. Flush mounting system maintains vehicle ground clearance. Rugged and lightweight tubular aluminum frame. Styling integrates with Wildcat Aluminum Bumpers. Protects side of vehicle and serves as a side step. Premium smooth grain anodized finish adds style and complements other aluminum accessories.

1436-905
'13-'16 WILDCAT 4

STEEL STEP RAILS

For the ultimate side vehicle protection in extreme conditions. Flush mounting system maintains vehicle ground clearance. 1.25-in. steel pipe construction. Styling integrates with Wildcat Steel Bumpers. Protects side of vehicle and serves as a side step. Also works on Wildcat 4 in conjunction with Step Rail Extensions.

1436-902
'12-'16 WILDCAT; '13-'16 WILDCAT 4 (REAR)

STEEL STEP RAIL EXTENSIONS WITH FLUSH MOUNT SYSTEM

Combine the Steel Step Rail (1436-902) with this extension for a full-length Wildcat 4 Step Rail. Improved flush mounting system maintains vehicle ground clearance. 1.25-in. steel pipe construction. Styling integrates with Wildcat Steel Bumpers. Protects side of vehicle and can be used as a side step.

1436-903
'12-'16 WILDCAT 4

FRONT FENDERS

Unique suspension-mounted fenders offer superior full-coverage protection through entire length of travel. Composed of premium, paintable TPO plastic. Maintains flexibility in all weather conditions.

1436-679
'12-'16 WILDCAT & '13-'16 WILDCAT 4

REAR FENDER FLARES

Diverts mud and debris away from rear of vehicle. Uses premium, paintable TPO plastic. Maintains flexibility in all weather conditions.

1436-682
'12-'16 WILDCAT & '13-'16 WILDCAT 4

FENDER MOUNT SIDE MIRROR

Mounts to front fenders. Adjustable shaft for customized viewing.

1436-765 LEFT HAND
'12-'16 WILDCAT & '13-'16 WILDCAT 4

1436-824 RIGHT HAND
'12-'16 WILDCAT & '13-'16 WILDCAT 4

SUN VISOR

Clamps to ROPS where needed to block sun. Dark tint transparency allows full field of vision. Ratchet system allows for easy adjustment into multiple positions. Sold individually.

2436-016
'12-'16 WILDCAT & WILDCAT 4

CARGO BAGS

OVERHEAD STORAGE BAG

Provides easy-access overhead storage. Includes map pocket.

1436-735
'12-'16 WILDCAT & '13-'16 WILDCAT 4

KICK PANEL BAGS

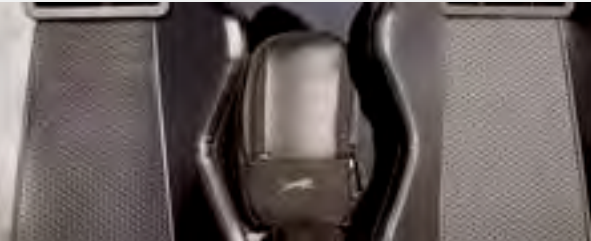

Easy-access storage compartment is tucked out of the way under the door opening. Rugged 1,000-denier construction. Sold in pairs.

1436-736
'12-'16 WILDCAT & '13-'16 WILDCAT 4

SHOULDER BAG

Secure, convenient, easy-access storage between the seats. Easy bolt-on design to existing mounting points. 1,000-denier coated nylon fabric with vinyl accent.

1436-770
'12-'16 WILDCAT

TRUNK BAG

Zipperless bag. Lightweight aluminum tube framework. Top composed of heavy-duty 18-oz. PVC-coated polyester material.

1436-737
'12-'16 WILDCAT & '13-'16 WILDCAT 4

COVERS & NETS

TRUNKNET

Off-road-inspired design. Helps protect driver and passenger from cargo shifting in the rear box. Open-weave design provides rear visibility.

1436-723
'12-'16 WILDCAT

BOX NET

Versatile 15-in. x 30-in. net with coated steel hooks. Secures cargo or other items through hook points integrated in the rear box.

REAR PANELS

POLYCARBONATE REAR PANEL

Shatter-resistant polycarbonate rear panel provides a clear field of view. Dual vents for controlled airflow. Custom integrated trim seals tightly to ROPS and body panels. Fits Aluminum Roof, Hard Top and Bimini Top. SpeedRatchet clamping system for easy installation and removal.

1436-990
'14-'16 WILDCAT TRAIL; '15-'16 WILDCAT SPORT

SOFT REAR PANEL

Huge, clear vinyl rear window provides maximum rearview visibility. Works with Aluminum Roof, Hard Top or Bimini Top. Reduces wraparound wind currents with a windshield installed.

2436-030
'14-'16 WILDCAT TRAIL; '15-'16 WILDCAT SPORT

WINDSHIELDS

FULL WINDSHIELD

Durable, scratch-resistant clear polycarbonate. Includes two lower panel vents and one upper center vent for airflow in the cab area. Lower panel design allows easy underhood access. Uses SpeedRatchet attachment system for fast installation or removal. Works with Aluminum Roof, Bimini Top or Hard Top. Included in Soft Cab Kit.

1436-988
'14-'16 WILDCAT TRAIL; '15-'16 WILDCAT SPORT

FLIP-UP WINDSHIELD

Scratch-resistant coating for a clear view. Two gas-assist shocks hold in full open position. Two lower panel vents provide airflow with windshield closed. Three positions: fully open, partially open and closed.

2436-162
'14-'16 WILDCAT TRAIL; '15-'16 WILDCAT SPORT

HALF WINDSHIELD

Scratch-resistant polycarbonate without bends provides an excellent field of view. Lower panel venting design allows easy hood access. Unique arched design moves air up and over occupants while reducing dust swirl.

2436-017
'14-'16 WILDCAT TRAIL; '15-'16 WILDCAT SPORT

WINDSCREEN

Low profile windscreen diverts air from hand and chest area. Installs in seconds with three quarter-turn fasteners.

1436-989
'14-'16 WILDCAT TRAIL; '15-'16 WILDCAT SPORT

BUMPERS

ALUMINUM FRONT BUMPER

Sport-styled, lightweight aluminum construction resists corrosion. Steel mounting brackets for added strength.

PLOWS

QUICK-ATTACH PLOW PUSH FRAME & MOUNT KIT

Includes frame and mount, with choice of blade style. Durable, heavy-duty steel construction with five adjustable plow positions for increased versatility. Attaches and detaches in just seconds. Engineered exclusively for Arctic Cat Wildcat Trail models. Requires Winch Kit and blade (sold separately).

2436-209

'14-'16 WILDCAT TRAIL

60-IN. TWO-WAY STEEL TAPERED PLOW BLADE

Optimal right- or left-angled plow position performance from a two-way tapered blade. Tough, high-strength steel construction with 3-in. serviceable wearbar and adjustable skid plates. Wide 60-in. and 72-in. blades with 16-in. center height and standard snow deflector. Throws snow farther with blade ends tapering out to 22-in. for increased snow handling. Requires Plow Push Frame and Mount Kit. Edge Markers sold separately (excludes SPEEDPlow).

1436-398 60-IN. BLADE — BLACK

ONE-WAY TAPERED PLOW BLADE

Unique 16-in. to 26-in. tapered design launches snow up and away. Deflector flap prevents snow from getting over the blade top. End Plate comes standard for increased snow handling. Requires Plow Push Frame and Mount Kit (excludes SPEEDPlow).

0436-360 60-IN. BLADE — YELLOW

POLYETHYLENE PLOW BLADE

Tough, slippery, lightweight construction from high-density polyethylene over a steel frame. Available in 50-in.- and 60-in.-wide options with a 16-in. overall height. Adjustable skid plates. Requires Plow Push Frame and Mount Kit. Snow Deflectors, End Plates and Edge Markers sold separately (excludes SPEEDPlow).

'15-'16 PROWLER

SOFT-CAB KIT

Solution-dyed, high-UV, 600-denier, urethane-coated polyester roof, back and doors. Makrolon™ AR® polycarbonate windshield has a scratch-resistant coating. Side windows unzip and back rolls up. Side and rear windows are 20-gauge clear vinyl with a crack-resistant rating of -30°F. Soft cab components are not designed to work with LXC and most VXC cab components.

1436-528
'11-'14 PROWLER (EXCLUDES HDX)

1436-598
'12-'15 HDX

LXC CAB KIT

Cab components have an excellent fit and a high degree of finish. Lightweight and spacious; easy to install. Provides ample protection against the elements and plenty of ventilation. Features sliding window in door, plus rear tip-out window; HDX™ features a sliding glass window. Kit includes: roof, windshield, rear panel and doors.

1436-520
'11-'14 PROWLER (EXCLUDES HDX)

1436-593
'12-'15 HDX

1. LXC ROOF KIT

Constructed entirely of twin-sheet thermo-formed HDPE with integrated, tinted sunroof and finished interior. Provides protection against wind, rain, cold and sand. Highly impact-resistant and lightweight sunroof. Stereo Kit (1436-837) may be installed in the interior of the LXC Roof.

1436-500
'11-'16 PROWLER; '12-'16 HDX

2. LXC DOOR KIT (PAIR)

Lightweight molded HDPE provides protection against elements. Lockable door system and frame create an automotive look. HDPE absorbs noise, providing better acoustics. Up and down sliding scratch-resistant polycarbonate window provides ample ventilation. Finished interior with armrest.

1436-503
'11-'14 PROWLER (EXCLUDES HDX)

1436-594
'12-'15 HDX

3. LXC WINDSHIELD KIT

Laminated glass. Easy-opening assist with gas springs. Protection against wind, rain, cold and sand with excellent visibility. Provides ventilation inside when the panel is open. Three positions: completely closed, partially open and fully open.

1436-501
'11-'14 PROWLER; '12-'15 HDX

4. HDX LXC REAR PANEL

Two-piece steel framework with sliding glass window. Reduces dust swirl when an LXC Roof and windshield are installed.

1436-595
'12-'15 HDX

4. LXC REAR PANEL

Smoked polycarbonate panel is molded for strength and lightness and provides optimal visibility. Tip-out window provides ventilation. Lightweight and easy to handle. Resistant to shocks that may come from the rear box.

1436-502
'11-'14 PROWLER (EXCLUDES HDX)

WINDSHIELD WASHER KIT

Tank holds just over a half-gallon of fluid. Works with Windshield Wiper Kit (1436-522).

1436-523

WINDSHIELD WIPER KIT

180° of rotation clears both driver and passenger sides. Kit includes wiper, motor, custom wiring harness and switch.

1436-522
FITS LXC & VXC GLASS WINDSHIELDS

VXC CAB KIT

Lightweight polycarbonate and TPO components. Includes 2-Piece Roof, rear panel and doors. Excludes windshield.

1436-585
'11-'14 PROWLER (EXCLUDES HDX)

1436-586
'12-'15 HDX

1. VXC REAR PANEL

Dust swirl is significantly reduced with a roof and windshield installed.

1436-557

1436-588
'12-'15 HDX

ROOFS

PROWLER® & HDX ROOF

SpeedRatchet attachment system for fast, easy installation or removal. Textured roof resists scratching. Works with full windshield (2436-157), polycarbonate rear panel (2436-057 & 2436-216), Soft Door Kit (2436-167) and Roof-to-Door Seal Kit (2436-165). Does not work with LXC or VXC Cab Kits or components. October 2015 delivery.

2436-140
'11-'16 PROWLER; '12-'16 HDX

LXC ROOF KIT

Constructed entirely of twin-sheet thermo-formed HDPE with integrated, tinted sunroof and finished interior. Provides protection against wind, rain, cold and sand. Highly impact-resistant. Stereo Kit (1436-837) may be installed in the interior of the LXC Roof.

1436-500
'11-'16 PROWLER; '12-'16 HDX

2-PIECE ROOF

Designed for use with polycarbonate and VXC Glass Windshields. Durable polyethylene construction. Bold styling; textured surface resists scratching. Innovative two-piece design shields out the elements.

1436-519
'11-'16 PROWLER; '12-'16 HDX

BIMINI TOP

Keeps sun out. Tightens easily with strap attachment. Great value.

1436-531
'11-'16 PROWLER; '12-'16 HDX

STEREO

STEREO KIT

Developed for installation in an LXC Roof Kit (1436-500). Includes Jensen radio, two 6.5-in. and two 5.25-in. JBL speakers, antenna and custom wiring.

2436-343
FITS LXC ROOF (1436-500)

JENSEN RADIO

U.S./Euro AM/FM tuner with RBDS. SiriusXM satellite radio-ready (SIRIUS satellite subscription and separate SXV200 tuner required). Features iPod and iPhone control and charging, plus MP3 use via front USB. Full 7-channel NOAA weather band tuner with "Weather Alert." Low battery alert. 4-channel, 180-watt power amplifier (4 x 45w).

1436-836
UNIVERSAL

200-WATT SUBWOOFER

Slim-designed 8-in. IMPP woofer with built-in amplification and 12-volt DC power. Black anodized aluminum enclosure with water-resistant housing (IPx5). Mate-in-Lock connectors for easy installation. Adjustable gain and crossover and low level inputs. Meets ASTM B117 UV, salt fog testing specifications.

2436-202
UNIVERSAL (EACH)

6.5-IN. JBL SPEAKERS (PAIR)

60-watt RMS handling power. 180-watt peak power.

2436-345
UNIVERSAL

5.25-IN. JBL SPEAKERS (PAIR)

45-watt RMS handling power. 135-watt maximum power.

2436-344
UNIVERSAL

RADIO ANTENNA

Rubber gasket allows for a watertight seal. Angle adjusts up to 90°.

1436-106
UNIVERSAL

REAR PANEL

REAR PANEL — HDX

Polycarbonate upper provides a clear rearward view. Features SpeedRatchet attachment system and two vents for controlling air flow.

'12-'15 HDX

WINDSHIELDS

FULL WINDSHIELD

Durable, abrasion-resistant clear polycarbonate resists scratches. SpeedRatchet attachment system for fast, easy installation. Left, center and right lower panel vents control airflow. Custom trim seals to ROPS to lock out air, snow and water. Lower panel design allows clearance for opening hood.

2436-157
'15-'16 PROWLER & '16 HDX

LXC WINDSHIELD

Laminated glass. Easy-opening assist with gas springs. Protection against wind, rain, cold and sand with excellent visibility. Provides ventilation inside when the panel is open. Three positions: completely closed, partially open and fully open. Works with Windshield Wiper Kit (1436-522 or 1436-582).

1436-501
'11-'14 PROWLER; '12-'15 HDX

VXC GLASS WINDSHIELD

Fixed laminated glass with steel frame. Dual upper vents for added airflow. Works with Windshield Wiper Kit (1436-522 or 1436-582).

1436-648
'11-'14 PROWLER; '12-'15 HDX

TIP-OUT WINDSHIELD

Scratch-resistant/hard-coated polycarbonate (top half only). Durable nylon mounting brackets. Exclusive vented design. Convertible design allows use as half- or full-height, vented windshield.

1436-517
'11-'14 PROWLER; '12-'15 HDX

VENTED WINDSHIELD

Dual adjustable vents for added airflow. Scratch- and abrasion-resistant Makrolon AR polycarbonate construction.

1436-928
'11-'14 PROWLER; '12-'15 HDX

FULL WINDSHIELD

Scratch- and abrasion-resistant Makrolon AR polycarbonate construction. Rattle-free, eight-point rubber-cushioned mounting.

1436-829
'11-'14 PROWLER; '12-'15 HDX

HALF WINDSHIELD

Polycarbonate half windshield diverts air up and over driver and passenger. Lower panel allows front hood to open.

2436-159
'15-'16 PROWLER & '16 HDX

LOW WINDSHIELD

Aerodynamic styling diverts wind up and over operator and passenger. Makrolon polycarbonate construction.

1436-876

'11-'14 PROWLER; '12-'15 HDX

WINDSHIELD VENT KIT

Add to any polycarbonate windshield. Adjustable opening positions for added airflow. Cutout template included. Vent opening dimensions 14.8" W x 1.8" H.

1436-809

FITS POLYCARBONATE WINDSHIELDS

MANUAL WINDSHIELD WIPER

8-in.-12-in. adjustable arm length; 11-in. wiper blade length. Fits polycarbonate and glass windshields. NOTE: Polycarbonate windshields have a scratch-resistant coating. Caution should be taken when wiping mud or abrasive material off windshield as it will affect the coating over time.

1436-582

'06-'16 PROWLER; '11-'16 HDX MODELS WITH WINDSHIELD

BUMPERS

PROWLER & HDX FRONT BRUSHGUARD BUMPER

Contoured fit offers full front-facing protection for grill, hood and headlights. Integrated four-point mounting system offers a secure fit for added strength and rigidity. Powder-coated steel tube construction with rubber center accent offers strength with protection.

2436-305

'15-'16 PROWLER; '16 HDX

USE WITH 4,000 & 5,000 LB. WINCHES

PLOWS

ROV SPEEDPLOW™ SYSTEM

Turn your Arctic Cat machine into a snow-moving powerhouse with the all-new SPEEDPLOW system. You and your machine can move snow faster and easier than ever before. Designed especially for the Arctic Cat chassis, the SPEEDPLOW can be attached, removed and adjusted in seconds from the comfort of the driver's seat. When the snow gets heavy, the SPEEDPLOW gets going — with accessories including snow deflectors, drift cutters, edge markers and curb finders. In just minutes, you can clear sidewalks, plow driveways and free your space from winter's snowy grip. The SpeedPLOW system requires installation of a Plow Mount Kit, Push Frame, Blade and Winch for use of the complete system.

ROV SPEEDPLOW MOUNT KIT

Attachment frames have been designed specifically for either the HDX or Prowler chassis, for easy no-touch installation and removal of the plow. Convenient release handle is mounted near the steering wheel inside the cab for easy access to remove your plow without leaving the seat of your vehicle. The plastic shoe allows for convenient height adjustability of the mount and easier maneuverability of the plow system when on the ground. Self-alignment plates guide the attachment frame during installation. Low-profile integrated design maintains ground clearance when plow is removed. Available December 2015.

2436-273 HDX
'15-'16 PROWLER 1000; '16 HDX

2436-314 PROWLER XT
'15-'16 PROWLER XT

ROV SPEEDPLOW PUSH FRAME KIT

An all-new system that allows the user to install the plow in seconds and remove the plow without ever leaving the comfort of the driver's seat. Lever action automatically releases the winch hook from the push frame, providing no-touch removal — just release and drive away. Featuring an integrated mid-mounting position that lifts high and installs faster than a front mount, while maintaining the performance and stability of an underbody mount. Convenient five-position angle adjustment with the foot pedal design allows you to adjust the angle of your blade without bending over. Offering shear pin protection to protect the plow system from damage when hitting a solid object. Powder-coated steel square-tube design provides optimal strength and durability. Rubber shock absorbers offer protection from over-angling and soften the impact during a shear pin break. Available December 2015.

2436-274
USE WITH ROV SPEEDPLOW PROWLER & HDX MOUNT KITS

SPEEDPLOW STEEL BLADE — 20-IN. HEIGHT

Optimized moldboard curve creates increased snow-roll performance and allows for more efficient snow movement. Compatible with a variety of accessories for added ease of plowing. Accessories include ready-to-install snow deflectors, drift cutters, edge markers, curb finders and easy-to-remove wearbars. Stamped plow face adds increased rigidity to the face of the plow. Available December 2015.

Mount directly to ROPS or give your LXC Roof a custom look. Attach to ROPS using four Fast Clamps (1436-619). Designed to work with Firebar 9-LED Light Kit (1436-857). Fits LXC Roof Kit (1436-500).

1436-589
FITS LXC ROOF KIT (1436-500) OR DIRECTLY TO CANOPY WITH FOUR (4) FAST CLAMPS (1436-619)

TIGERTRAX

ROV TIGERTRAX 2

If you're looking for the next level in performance, the Arctic Cat team has delivered! Building on the tried-and-true original TigerTrax system, we have brought you the next evolution in performance all-season tracks. Custom fit and optimized for your Arctic Cat, the TigerTrax 2 will take you farther and allow you to climb higher. It's the most terrain-capable Side by Side, all-season track system available today. Improved flotation, increased ground clearance, optimized frame geometry, aggressive track design, and significant increase in ground traction will give you the edge in deep snow, sand, swamps and the nastiest terrain. Simply stated, when there is terrain to be conquered and when you simply just need to get there, TigerTrax 2 will take you there. NOTE: Requires Track Kit, Mount Kit and Clutch Kit, sold separately.

SPEEDPOINT

PROWLER/HDX SPEEDPOINT™

Our Prowler/HDX SPEEDPoint system makes the work you do feel more like play. It allows the changing of any implement — from a cultivator to a landscape rake — in just minutes! That’s precisely the kind of convenience SPEEDPoint gives you, without ever having to lock the rear suspension and sacrifice maneuverability under heavy payloads. Just back up to the SPEEDPoint attachment, hook it onto a 2-in. ball, connect the wiring harness and you’re good to go. Raise and lower implements with the flick of a dash-mounted switch. Simple as that. No more grunting or groaning. It’s almost like this whole business of hard work just became fun again. NOTE: Prowler/HDX SPEEDPoint requires a 12-volt Electric/Hydraulic Actuator (1436-269, sold separately) for implement adjustment. The actuator is easily removed with two pins and a wire connection and transfers to all Prowler/HDX SPEEDPoint attachments. Switch & Harness Kit required (1436-823).

CULTIVATOR

13 adjustable/removable, durable S tines on three rows. Tines vibrate under use to self-clean. Easy-adjust turnbuckle depth control. Retracting transport arms have dual tires that pivot with terrain for excellent flotation. 10 adjustable hitch height positions. Optional spring-tension Cultivator/Harrow Attachment (1436-268). 84-in. width. 360 lbs. Electric/Hydraulic Actuator (1436-269) not included.

1436-258
'06-'16 PROWLER; '11-'16 HDX (EXCLUDES 500 HDX)

CULTIVATOR/HARROW ATTACHMENT

1436-268
FITS CULTIVATOR (1436-258)

72-IN. LANDSCAPE RAKE

Crown surfaces from three up/down positions on each rear tire. Five adjustable angle positions. Rear wheels allow leveling of materials. 230 lbs. Electric/Hydraulic Actuator (1436-269) not included.

1436-373
'06-'16 PROWLER; '11-'16 HDX (EXCLUDES 500 HDX)

TANDEM DISC

Features 20 notched 16-in. discs on four gangs. Five disc-angling positions for cutting and mixing soil. 18 adjustable hitch height positions. Easy-adjust turnbuckle depth control. Retracting transport arms have dual tires that pivot with terrain for excellent flotation. 70-in. width. 505 lbs. Electric/Hydraulic Actuator (1436-269) not included. Weight Kit (1436-335) sold separately.

1436-257
'06-'16 PROWLER; '11-'16 HDX (EXCLUDES 500 HDX)

12-FT. DRAG HARROW

Multitasking drag harrow aerates, dethatches and allows moisture to soak into soil. 4-ft. sections fold up for transport. Levels furrows and ridges. Finishes ground evenly after planting a crop, dragging a ball field or smoothing out a riding arena or driveway. 670 lbs. Electric/Hydraulic Actuator (1436-269) not included.

1436-259
'06-'16 PROWLER; '11-'16 HDX (EXCLUDES 500 HDX)

ELECTRIC/HYDRAULIC ACTUATOR

Required for and fits all Prowler SPEEDPoint attachments. 12-volt electric/hydraulic. 10-in. stroke. 1,800 lbs. of force. Easily removed and interchanged between implements with two pins and a quick-release wire connector. Switch & Harness Kit (1436-823) sold separately.

1436-269

WEIGHT KIT

Cuts deeper in hard ground by adding weight. Easy bolt-on assembly. Two per kit. 92 lbs. (46 lbs. each).

1436-335
FITS CULTIVATOR (1436-258) & TANDEM DISC (1436-257)

SWITCH & HARNESS KIT

Custom harness connects actuator directly to battery. Raise and lower implements with a flick of the dash-mounted rocker switch (included).

PLOWS

ATV SPEEDPLOW SYSTEM

Turn your Arctic Cat machine into a snow-moving powerhouse, with the all-new No-Touch SPEEDPlow system. You and your machine can move snow faster and easier than ever before. Designed especially for the Arctic Cat chassis, the SPEEDPlow can be attached, removed and adjusted in seconds from the comfort of the driver's seat. When the snow gets heavy, the SPEEDPlow gets going — with accessories including snow deflectors, drift cutters, edge markers and curb finders. In just minutes, you can clear sidewalks, plow driveways and free your space from winter's snowy grip. The SPEEDPlow system requires installation of a Plow Mount Kit, Push Frame, Blade and Winch for use of the complete system.

ATV SPEEDPLOW MOUNT KIT

Attachment frames have been designed specifically for either the XR or Alterra™ chassis, for easy no-touch installation and removal of the plow. Convenient release handle is mounted near the handlebars — for easy access to remove your plow without leaving the seat of your ATV. Plastic shoe allows for convenient height adjustability of the mount and allows for easier maneuverability of the plow system when on the ground. Self-alignment plates guide the attachment frame during installation. Low-profile integrated design, maintains ground clearance when plow is removed. Available October 2015.

2436-271
'16 500-700 ALTErrA; '15 ALL XR

ATV SPEEDPLOW PUSH FRAME KIT

An all-new system that allows the user to install the plow in seconds and remove the plow without ever leaving the comfort of the driver's seat. Lever-action automatically releases the winch hook from the push frame, providing no-touch removal — just release and drive away. Featuring an integrated mid-mounting position that lifts high and installs faster than a front mount, while maintaining the performance and stability of an underbody mount. Convenient five-position angle adjustment with the foot pedal design allows you to adjust the angle of your blade without bending over. Offering shear pin protection to protect the plow system from damage when hitting a solid object. Powder-coated steel square-tube design provides optimal strength and durability. Rubber shock absorbers offer protection from over-angling and soften the impact during a shear pin break. Available October 2015.

2436-272
'16 500-700 ALTErrA; '15 ALL XR

ATV SPEEDPLOW STEEL PLOW BLADE — 17-IN. HEIGHT

Optimized moldboard curve creates increased snow-roll performance and allows for more efficient snow movement. Compatible with a variety of accessories for added ease of plowing. Accessories include ready-to-install snow deflectors, drift cutters, edge markers, curb finders and easy-to-remove wearbars. Stamped plow face adds increased rigidity to the face of the plow. Two widths to choose from.

USE WITH ATV SPEEDPLOW PUSH FRAME KITS

2436-295 66-IN. BLADE
USE WITH ATV SPEEDPLOW PUSH FRAME KITS

SPEEDPLOW DRIFT CUTTERS — FOR 17-IN. HEIGHT BLADE

Precision fit for SPEEDPLOW blades to keep snow in the plow and aid in controlling snow and cutting cleaner passes. Does not work with curb guards or UHMW wearbar. Sold in pairs. Available November 2015.

2436-276
USE WITH 17-IN. HIGH ATV SPEEDPLOW BLADES

SPEEDPLOW UNIVERSAL BLADE CURB FINDERS

Powder-coated heavy-duty 1/4-inch stamped steel plate protects the plow from damage caused by contact with curbs. Easy to install on any SPEEDPLOW blade. Does not work with drift cutters or UHMW wearbar. Sold in pairs.

2436-275
FITS ALL SPEEDPLOW BLADES

SPEEDPLOW SNOW DEFLECTORS

Large rubber barrier increases forward movement of snow and prevents snow from rolling over the top of the blade. Steel support braces add strength and support to the rubber barrier. May be custom cut to length. Available October 2015.

2436-308 53-IN. BLADE
USE WITH 53-IN. SPEEDPLOW BLADES

2436-309 66-IN. BLADE
USE WITH 66-IN. SPEEDPLOW BLADES

SPEEDPLOW UNIVERSAL EDGE MARKERS

One-piece, zinc-plated forged-steel base offers added strength and longevity, and mounts to predetermined mounting location in blade. Increased visibility with the high-visibility PVC marker, allowing for precision handling of your plow system. Sold in pairs.

2436-277
FITS ALL SPEEDPLOW BLADES

SPEEDPLOW UNIVERSAL TRACK EXTENSION

Extends push frame to accommodate added height when tracks are installed. Directly bolts onto ATV and ROV SPEEDPLOW push frames. No drilling required. Available November 2015.

2436-311
FITS ALL SPEEDPLOW SYSTEMS

60-IN. & 72-IN. TWO-WAY STEEL TAPERED PLOW BLADE

Optimal right- or left-angled plow position performance from a two-way tapered blade. Tough, high-strength steel construction with 3-in. serviceable wearbar and adjustable skid plates. Wide 60-in. and 72-in. blades with 16-in. center height and standard snow deflector. Throws snow farther with blade ends tapering out to 22-in. for increased snow handling. Requires Plow Push Frame and Mount Kit. Edge Markers sold separately. 60-in. and 72-in. blades are not recommended for 450 models and below (excludes SPEEDPLOW products).

1436-398 60-IN. BLADE — BLACK
1436-390 72-IN. BLADE — BLACK

ONE-WAY TAPERED PLOW BLADE

Unique 16-in. to 26-in. tapered design launches snow up and away. Deflector flap prevents snow from getting over the blade top. End plate comes standard for increased snow handling. Requires Plow Push Frame and Mount Kit. 60-in. blades are not recommended for 450 models and below (excludes SPEEDPLOW products).

0436-360 60-IN. BLADE — YELLOW

POLYETHYLENE PLOW BLADES

Tough, slippery, lightweight construction from high-density polyethylene over a steel frame. Available in 50-in.- and 60-in.-wide options with a 16-in. overall height. Adjustable skid plates. Requires Plow Push Frame and Mount Kit. Snow Deflectors, End Plates and Edge Markers sold separately. 60-in. blades are not recommended for 450 models and below (excludes SPEEDPlow products).

TIGERTRAX

ATV TIGERTRAX 2

If you're looking for the next level in performance, the Arctic Cat team has delivered! Building on the tried-and-true original TigerTrax system, we have brought you the next evolution in performance all-season tracks. Custom fit and optimized for your Arctic Cat, the TigerTrax 2 will take you farther and allow you to climb higher. It's the most terrain-capable ATV all-season track system available today. Improved flotation, increased ground clearance, optimized frame geometry, aggressive track design and significant increase in ground traction will give you the edge in deep snow, sand, swamps and the nastiest terrain. Simply stated, when there is terrain to be conquered and when you simply just need to get there, TigerTrax 2 will take you there. NOTE: Requires Track Kit, Mount Kit & Clutch Kit, sold separately. Clutch Kit not required for XR, Alterra and TRV 1000.

ALL-SEASON ATV TRACK KIT

MOWERS

57-IN. DELUXE BRUSH MOWER

23 HP Briggs & Stratton® Intek™ twin-cylinder engine with electric start (battery not included). 57-in. cut width. Heavy-duty, 10-gauge steel deck. Four-tire design adds support on uneven ground. Cuts up to 2-in. diameter saplings and brush. 2-in. to 8-in. height adjustment from two independent cranks. Reduces bunching and gives discharge a mulched look from twin 30-in. blades. Great for an ATV or Prowler. 3-gallon gas tank. Allow 2-3 weeks for delivery.

1436-251
UNIVERSAL

44-IN. BRUSH MOWER

19.5 HP Briggs & Stratton Intek electric start engine (battery not included). 44-in. cutting width; single crank easily adjusts cutting height from 2-in. to 8-in. 10-gauge steel main deck with 7-gauge side plates. Cuts up to 2-in. diameter saplings while twin blade design provides mulching capability. Universal articulating hitch allows you to cut to the left, to the right or directly behind your ATV. Four-tire design provides increased stability and ease over rough terrain. 3-gallon gas tank. Allow 2-3 weeks for delivery.

1436-710
UNIVERSAL

60-IN. FINISH MOWER

19.5 HP Briggs & Stratton Intek OHV electric start engine (battery not included). 58-in. cutting width; 1-in. to 4-in. cutting height range. Rugged 11-gauge-thick steel main deck and reinforcement plates. Increased capacity and cut quality from wide side discharge, deep deck design and 3-in. to 20-in. blades. Low-profile design makes it easy to mow under low tree branches. Large 3-gallon gas tank provides 3–3.5 hours of run time. Allow 2-3 weeks for delivery.

1436-711
UNIVERSAL

ELECTRIC LIFT

Allows for quick cutting-height changes on the go with a 1,500-lb. linear screw actuator.

1436-242
FITS DELUXE BRUSH MOWER (1436-251)

1436-712
FITS BRUSH MOWER (1436-710)

HEAVY-DUTY SEALED BATTERY

Holds voltage longer than normal batteries. Increased starting power from lead-calcium technology. Requires only periodic charging. 350 cold-cranking amps. Leak-free, spill-proof design. 8.25-in. L x 3.5-in. W x 6.5-in. H.

1436-252
UNIVERSAL (EXCLUDES XR, ALTERRA & TRV); FITS MOWERS

TRAILERS

CARGO TRAILER

Rugged, high-impact polyethylene construction. 20-cu.-ft., 1,000-lb. maximum payload capacity. Large flotation tires with high-speed wheel hubs and bearings. Power rail technology that never rusts, rots or wears out. Easy-unload tilt bed. Includes 2-in. coupler receiver. 65-in. L x 46-in. W x 14-in. D.

0436-845
UNIVERSAL

SPRAYERS

SPEEDRACK SPRAYER KIT

Kit includes SpeedRack Rack-Mounted Sprayer (1436-605) and 120-in. Folding Boom (1436-606).

1436-680

1. SPEEDRACK RACK-MOUNTED SPRAYER

Reliable 1.8-GPM SHURflo® pump with liquid-filled pressure gauge for accuracy. 18-gallon, low-profile contoured tank for a custom fit. Hand sprayer and 25-ft. hose included. Built-in manifold system allows quick addition of the 120-in. Folding Boom. Mounts on rear rack only. 120-in. Folding Boom sold separately. Spacer Kit (0436-854) recommended for '13-'16 500-550 Rear SpeedRack models. Requires Tank Mounting Bracket (2436-291) for use with '15 XR and '16 Alterra 500-700.

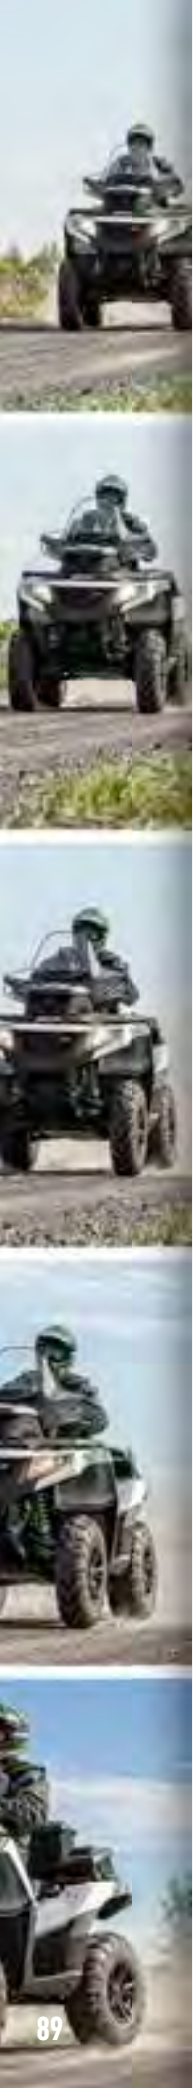

1436-605
'08-'16 450-1000 REAR SPEEDRACK (EXCLUDES ALTERRA 450); '15 XR; '16 500-700 ALTERRA; '13-'16 500-550

2. 120-IN. FOLDING BOOM

Versatile, multiposition spraying ability. Accurate and adjustable 120-in.-wide spray for complete coverage. Turn on or off any combination of wand, left, center and right boom nozzles. Spring-loaded folding booms spray when folded down, angled or in upright position. Mounts in 2-in. rear receiver. Sprayer sold separately.

1436-606
2-IN. RECEIVER MOUNT FOR MODEL APPLICATIONS USED WITH SPEEDRACK SPRAYER (1436-605)

SPRAYER TANK BRACKET

SpeedRack II-compatible for ease of installation. Powder-coated steel construction for added durability and corrosion resistance. Levels tank for optimum flow into sprayer. Required for Alterra and XR models (excludes Alterra 400 & 450).

2436-291
WORKS WITH BOTH 1436-605 & 1436-607 SPRAYER KITS

ECONO SPRAYER

Large 20-gallon capacity. Spot sprayer with 0.9-GPM pump and built-in switch. 15-ft. hose with lightweight wand for extended reach. Universal fit requires two Ratchet Tie-Downs (7639-182 or 7639-183).

1436-607
'13-'16 500-1000, '15 500-700 XR, '16 500-700 ALTERRA (EXCLUDES ALTERRA 400 & 450), MUDPRO, TBX & TRV WITH OPTIONAL RACK (REAR MOUNT); '06-'16 450-1000, MUDPRO, TBX & TRV WITH OPTIONAL RACK (REAR MOUNT).

BATTERY CHARGERS

CTEK® BATTERY CHARGER & MAINTAINER

A great all-around charger that every household should have. Features three modes: low-current mode for smaller 12V batteries used in ATVs and ROVs. Higher-current mode for automotive or marine applications. Winter mode aimed at charging and maintenance in cold weather. Fully automatic for charging and maintenance. Takes its own readings and begins to charge. Once finished charging, it will switch to a maintenance phase. Features a patented method for reconditioning sulfated batteries. Spark-free, making connection safer and easier. Extends battery life. 12V, 3.3A.

5639-419

CTEK BATTERY MAINTAINER

The ideal maintenance charger for 12-volt batteries. Fully automatic for charging and maintenance. Takes its own readings and begins to charge. Once finished charging, it will switch to a maintenance phase. Features a patented method for reconditioning sulfated batteries. Spark-free, making connection safer and easier. Extends battery life. 12V, 800mA.

5639-418

ADDITIONAL BATTERY LEADS

Comfort indicator leads feature a 3-LED battery condition indicator.

OIL & CARE

ACX 0W-40 SYNTHETIC OIL

All-weather protection. Advanced multigrade formula. Improved cold-weather starting. Superior rust and corrosion protection even during periods of nonuse. Offers maximum engine performance along with unique shear-stable additive formula that protects against engine wear, carbon buildup and sludge formation. 0W-40 is Wet Clutch Certified for use in Arctic Cat wet-clutch engines. Automotive engine oils DO NOT meet the requirements for use in Arctic Cat ATVs equipped with a wet clutch.

1436-434 QUART

1436-435 GALLON

1436-436 16 GALLON

1436-437 55 GALLON

ACX 15W-50 SYNTHETIC OIL

Arctic Cat's Full Synthetic 15W-50 is a heavier-viscosity formula of the original, proven Synthetic ACX 4-Cycle Oil. Formulated specifically for hot-weather use in Wildcat, Prowler and ATVs, it provides ultimate hot-temperature engine protection and prevents thermal breakdown in severe conditions. Can also be used in professional applications such as racing, construction, farm and ranch where the machine faces heavier loads and greater engine stress. NOTE: Not recommended for use in ambient temperatures below 32°F — heavier viscosity will make starting more difficult in extreme cold. Original Synthetic ACX (0W-40) engine oil recommended for all-season use.

1436-932 QUART

1436-933 GALLON

ACX 0W-40 SYNTHETIC OIL CHANGE KIT

Everything you need to maintain your oil system: two quarts of ACX 0W-40 4-Cycle Oil, oil filter and disposable funnel.

4-CYCLE ENGINE OIL

4-cycle oil for use with wet-clutch systems. Reduces component wear and maximizes transmission protection.

0436-880 10W-40 QUART

0436-879 10W-40 GALLON

2639-103 10W-40 16 GALLON

0436-241 10W-40 55 GALLON

ATV 2-CYCLE INJECTION OIL

Formulated for Arctic Cat ATV 2-cycle air-cooled engines. Exceeds industry standards. Superior protection of engine parts.

0436-884 QUART

80W-90 GEAR LUBE

Extreme-pressure, temperature-stable lubricant for tough conditions. Use in both front and rear differentials.

0436-901 QUART

ALL MODELS (EXCLUDES XTX REAR DIFFERENTIAL)

80W-90 FRICTION-MODIFIED GEAR LUBE

Designed for optimum engagement in limited-slip differentials. High viscosity index. Combats wear, oxidation, rust and corrosion.

1436-159 9.3 OZ.

XTX (REAR DIFFERENTIAL)

SYNTHETIC TRANSAXLE FLUID

Arctic Cat Synthetic Transaxle Fluid is a full-synthetic lubricant designed to provide complete lubrication and protection for Arctic Cat Wildcat transaxles. Lighter viscosity formula is more fluid at cold temperatures and remains stable at high temperatures. Protects against wear, oxidation and corrosion. Long-life formula resists shearing.

2436-050 41 OZ.

HIGH-PERFORMANCE GREASE

Provides superior stability at high temperatures. Protects against rust and corrosion in severe operating environments.

0436-905 14-OZ. TUBE

FOAM AIR FILTER OIL

Convenient aerosol spray. Maximizes airflow levels through the filter. Protects engine from dirt and water particles.

2436-341 12 OZ.

FOAM AIR FILTER CLEANER

Cleans and preserves Arctic Cat ATV/ROV filtration systems. Quick drying.

0436-892 12 OZ.

DOT 4 BRAKE FLUID

Premium fluid designed with corrosion and oxidation inhibitors. Optimizes brake performance if moisture is introduced into the brake system.

5639-848 12 OZ.

ARCTIC CAT ANTIFREEZE — 60/40 EXTENDED LIFE

Protects against freezing to -62°F. Extended Life has 2.5-year service life.

6639-916 GALLON

FUEL INJECTOR & CARBURETOR CLEANER

Removes deposits from carburetors, fuel injectors, intake manifolds, intake valves and parts.

0436-904 12 OZ.

FUEL DE-ICER

Prevents system failure at the coldest of temps. Safe on internal parts. Water-absorbing isopropyl blend.

0436-906 12 OZ.

FUEL STABILIZER

Slows oxidation to prevent gum and varnish buildup. Helps engine start easily after long periods of storage.

0436-907 8 OZ.

ENGINE STORAGE PRESERVER

2-cycle formula protects internal engine parts during periods of nonuse. Aids in corrosion prevention.

0436-888 12 OZ.

CHAIN LUBRICANT

Minimizes dirt buildup.

0436-903 12 OZ.

INSTANT DETAILER

Polishes and protects. Showroom-quality shine. Resists finger markings. Greaseless finish.

5639-849 16 OZ.

SPRAY & RINSE CLEANER

Scrub-free cleanser eliminates grease, dirt and bugs.

5639-872 24 OZ.

5639-789 GALLON

OIL FILTERS

Premium replacement oil filters. Exclusively designed for Arctic Cat ATVs/ROVs.

SIZING INFORMATION

Sizing charts should be used as general guides for determining approximate size. Differences in individual body shape, as well as the type of cut and style of each garment, should be considered to ensure appropriate fit. Please visit your local Authorized Arcticwear Dealer to try on your selection.

*Consumers purchasing a new Arctic Cat ATV or Side by Side have the option to include any of the 2014 Arctic Cat garments and/or accessories in this catalog into the purchase price and will merit the retail financing promotion offered on the new Arctic Cat ATV or Side by Side at time of purchase. See dealer for details. Financing offer valid at participating Canadian Arctic Cat dealers to Canadian residents. Financing provided by TD Auto Finance and is subject to credit approval; not all applicants will qualify for credit. See dealer for details and credit application. Monthly payments are examples based on adding the MSRP amount of the item to a loan with TD Auto Finance at 6.99% for 60 months (TDAC). Minimum loan value is \$5,000 and must include own purchase. Offers effective on eligible Arctic Cat ATV and Side by Side garments and/or accessories included with a qualifying purchase of a new or unused 2013-2014 Arctic Cat ATV or Side by Side, excluding rental and special service units from a participating Canadian Arctic Cat dealer to a Canadian resident. Offer valid 8/1/2013-8/31/2014; subject to change without notice. Financing promotions void where prohibited. Monthly payment excludes tax, freight, interest and dealer setup. See dealer for details.

All specifications, claims, prices and information contained within are based upon current knowledge as of September 1, 2013, and are subject to change without notice. Prices do not include freight, handling or setup charges. ATVs and RVs can be hazardous to operate. Improper use can cause severe injury or death. Each rider must wear a seat belt, use proper use of handholds/steering wheel and stay completely inside the vehicle. RV operators must have a valid driver's license for operators under age 18 and all riders must be able to sit with their back against the seat, feet flat on the floor and hands on handholds/steering wheel. Each rider must read and understand the operator's manual before riding. Follow all instructions and warnings. Avoid abrupt maneuvers, paved surfaces, hard acceleration when turning and shifting, slow down before entering a turn. Never engage in stunt driving. Avoid excessive speeds and be particularly careful on difficult terrain. Never carry a passenger in the cargo box or exceed seating capacity as an RV; never carry a passenger on a single-rider ATV. ATVs are recommended only for users over 12 years old. Only ride an ATV that is right for your age. Supervise riders younger than 16. Never operate on public roads unless designated for off-highway vehicle access — collisions with cars and trucks can occur. Never drive or ride under the influence of alcohol or drugs. Do not shoot from or lean against the ATV or RV. Arctic Cat recommends that all riders take a training course. For safety or training information in the U.S., call the ATV Safety Institute at (800) 857-7887. In Canada, please contact the Canada Safety Council at (613) 735-1535 or see your dealer. For RV training visit <http://rvsafety.org>. Along with concerned conservationists everywhere, Arctic Cat urges you to "Tread Lightly" on public and private lands. Ride only on designated areas or trails. Preserve your future riding opportunities by showing respect for the environment, local laws and the rights of others when riding.
